ATTEND TO YOUR COLDS -A case of five years sanding cored by DB. KEYSER'S PENTORAL SYRUP

Parrasenon, Jan. 11, 1860. Dw. Kawan:—My wife hus been afflioted with a bad cough and difficulty of breathing, for five or six years, which, for several years mack, had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of hor case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the furmer disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfation with the medicine, and you are at liberty to publish this if you Jestre to do so.

Alderman Fifth Ward. Dw. Kaysan :-- My wife has been afflicted with a bad

Pritaburgh, Nov. 18, 1658,
Dr. Keyler, — Although not an advocate of Patent
Medicines, in general, it affords me pleasure indescribable to recommend your Pectoral Syrup. As a medicine
it is well worthy the attention of any person who may in
any manner be afflicted with coughs, colds and hoarseness
of any blind, and for the peculiar qualifications for removing all that disagreeable sensation attending a severe cold.

I have been, more or less, in my life, affected with the
severest of colds and hoarseness. At times my throat
would become so cheed as to prevent my speaking above
a whisper, and by taking a few doses of the above Syrup
it would relieve meentirely.

In recommending this medicine, I must unhesitatingly
say that it is the best remedy I ever found, purporting to
cure the above, nor should any family be without this
remedy for diseases so prevalent.

Yours, most respectfully.

Yours, most respectfully, EDWARD J. JONES, Cashier Citizens' Deposit Bank.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.—Dn. KEYSER-Dear Sir: Excuse the delay of my acknowledging the excellence of your Pectoral Cough Syrup scener. I take great pleasure in saying that it is all you say it is. It knocked the noise out of my cough and the worst one I was ever afflicted with: I have not use i more than one-half of the tottle, and I can and do wish that all who are afflicted would give it as fair a trial in the state of the will be provided say. This no wish that all who are afficted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am consideration has breather more freely than I ever did. A GREAT CURE BY Dr., KEYSER'S PROTORAL STRUP.—I live in Peebles township, allegheny county. I had a coughing and spitting, which commenced about the 4th of February last, and continued eight months. I employed the best physicians in the country, and my cough continued unabated until carly in October. At that time I was advised to try your PECTORAL COUGH SYRUP, which I do, and after I had taken one bottle I was entirely free from the coughing and spitting. I had

"STOP THATCOUGHING."—'How can I do it? "Go to Keyser's on Wood street and get a bottle of his Cough Pectoral, and If that don't cure you, your case must be desperate indeed." This is a specimen of the colloquy one hears almost every day in cold catching periods of the year. And we can, from actual experiment, cheerfully concur in the adviser's admonition as above, for we have tried the "Pectoral," in a most stubborn case, with entire success. Near two weeks ago we went to Pittsburgh, with one of the most distressing, contrary, mulish, unsubduable coughs we ever experienced since our advent upon this mundane sphere. We coughed steadily and laboriously for one whole week, in hopes of tiring it out, but it was no go. In fact it seemed rather to have improved by practice, and to have acquired strength, potency and distressibility by the operation. In this stage of the steep, we coughed our way to Keyser's, 140 Wood St.—procused a fity cent bottle of the "Pectoral;" took it seconding to directions, and in forty-eight hours we were master of the field, the enemy having unconditionally surrendered, after a brief but unequal conflict with so formidable an adversary as Keyser's famous "Gough Pectoral."—Drownsellie Ciépper, Dec. 14, 1859.

THE AMALGANATION OF LABULANCE.—There is a growing tendency in this age to appropriate the most expressive words of other languages, and after a while to incorporate them into our own: thus the word Cephalic, whick is from the Greek, signifying "for the head," is now becoming popularized in connection with Mr. Spaiding's great headache remedy, but it will soon te used in a more general way, and the word Cephalic will become as common as Electrotype and many others whose distinction as foreign words has been worn away by common usage, until they seem "native and to the manor born."

Constipation or Costiveness.

Constipation or Costiveness.

No one of the "many ills that flesh is hair to" is so prevalent, so little understood, and so much neglected as Costiveness, often originating in carelessness, or sedentary habits. It is regarded as a slight disorder, of to little consequence to excite anxiety, while in reality it is the precursor and companion of many of the most fatal and dangerous diseases, and unless early eradicated, it will bring the sufferer to an untimely grave. Among the lighter evils of which Costiveness is the usual attendant are Headache, Colle, Rheumatism, Four Breath, Piles, and others of like nature, while a long train of frightful diseases, such as Malignant Fevers, Abcesses, Dysentery, Diarrhean, Dyspeysia, Apoplexy, Epilepsy, Paralysis, Hysteris, Hypechondriasts, Melancholy, and Innanity, first indicate their presence in the system by this alarming symptom. Not unfrequently the diseases named originate in Constipation, but take on an independent existence unless the cause is cradicated in an early stage. From all these considerations, it follows that the disorder should receive immediate attention whenever it occurs, and no person should neglecc to get a box of Cephalle Pills on the first appearance of the complaint, as their timely use will expet the insidious approaches of disease, and destroy this dangerous foe to human life.

A Real Blessing

Physician.—Tou can get them atany Drugglists. Call

Mrs. Jones.—I shall send for a box directly, and shall
tell all my suffering friends, for they are a real bless-

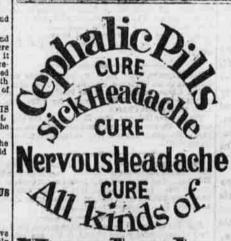

TWENTY MILLIONS OF DOLLARS SAVED .- Mr. Spaiding has sold two millions of bottles of his celebrated Prepared Glue, and It is estimated that each bottle saves at least ten dollars' worth of oroken tentiture, thus mesting an aggregate of twenty millions of dollars reclaiming from total loss by this valuable invention. Having made his Giue a household word, he now proposes to do the world still greater service by curing all the aching heads with his Cephalle Pills, and if they are as good as his Giue, Hescaches will soon vanish away like snow in July.

If POWER EXCITEMENT, and the mental care and anxiety incident to close attention to business or study, are among the numerous causes of Nervous Headache. The disordered state of mind and hody incident to this distressing complaint, is a fautal blow to all energy and ambition. Sufferers by this disorder can always obtain speedy relief from these distressing attacks by using one of the Cophalic Pills whenever the symptoms appear. It quiets the overtasked brain, and soothes the strained and jarring nerves, and relaxes the tension of the stomach which always accompanies and urgravates the disordered which always accompanies and aggravates the disorder condition of the brain.

Facts worth Exowino.—Spaiding's Cephalte Fills are a certain cure for Sick Headache, Billous Headache, Nerv us Headache, Costiveness, and General Debility.

GREAT DISCOVERY.—Among the most important of all the great medical discoveries of this age may be considered the system of vaccination for protection from Smati Pox, the Cephalic Pill for relief of Headache, and the use of Quinine for the prevention of Fevers, either of which is a sure specific, whose benefits will be experienced by suffering humanity long after their discoverers are forgotten.

II P Did you ever have the Sick Headache? Do you remember the throbbing temples, the fevered brow, the loathing and disgust at the sight of food? How totally unfit you were for pleasure, conversation, or study? One of the Cephalic Pills would have relieved you from all the suffering which you then experienced. For this and other purposes you should always have a box of them on hand to use as eccasion requires

Headache. By the use of these Pitls the periodic attacks of Ner-cous or Sick Headache may be prevented; and if taken at the commencement of an attack immediate relief from

pain and sickness will be obtained. They seldem fall in removing the Nausea and Bead. ache to which females are so subject. They act gently upon the bowels-removing Costie

For Library Men. Students. Delicate Females, and all persons of sedentary habits, they are valuable as a Lauretice, improving the appetits, giving tone and vigor to the digestive organs, and restoring the natural elasticity and strength of the whole system.

THE CEPHALIO PILLS are the result of long investigation and carefully conducted experiments, having been in use many years, during which time they have prevented and relieved a vast amount of pain and suffer ing from Hasdache, whether originating in the nervo

eystem or from a deranged state of the atomach.

They are entirely regutable in their composition, and may be taken at all times with perfect safety without making any change of dist, and the absence of any disagreeable taste renders it easy to administer them to children. Fus. Remedies are carefully prepared under the direct pervision and inspection of Prof. HUMPHREYS, in order meet that great and long realized want of the public, unery, remedies for all the more common and simple allnamely, remedies for all the more common analysis ments of life.

A moment's reflection will show that a vast majority of diseases from which we suffer and dise, were, at their commencement, simple and trifling. A mere cold, a slight diarrhea, a pain in the side, or a headache, or hoarseness, at first caship cord and subdued. In time becomes a consumption, a fever, a dangerous dysentery, Croup or other disease, which all the powers of medicine fall to arrest.

Herein these remedies supply a great public want. Being on hand, simple, so you know at once what to take—pleasant, so as to cause no repugnance—ante, and hence occasioning no risk, while the currative effects are positive and certain, they are taken, and at once the spell is broken and the danger allayed.

and certain, they are taken, and at once the spent is broken and the danger allayed.

Experience has amply confirmed the use of these remedies for families and private persons, as being the hors for the country. The most in the horself are and convenient, the most remeter and have been using them for some five years past, in every section of the country, with almost invariable success. All speak in the highest terms of their simplicity and certainty, and among our hundreds of agents the uniform testimony is, that they give good satisfaction to their customers.
